

LEARNING-FOCUSED Lessons MicroPD Course 4

Graphic Organizers: Summarize

Use your graphic organizer to write a pyramid summary explaining how to choose and use graphic organizers effectively. Write one word on the first line. On the second line, write two words about the topic, on the third line write three words, on the fourth line write four words, and so on.

Example:

Support
Students' learning
By carefully selecting
A graphic organizer that
Guides how students should think
About the lesson content being learned.
