## Accelerate a LEARNING-FOCUSED Lesson

Lesson Essential Question	How does an extended metaphor add
	meaning to a text?

		What is Accelerated? How?	Which Student(s)?
Activating Strategy	Challenge Points: Extending thinking on the example	Identify the type of figurative language, explain what it means, and guess why she might include it	
	Struggle Points: Thorough understanding of metaphor	Review the meaning of "extended," "metaphor," and "extended metaphor" together	
Learning Activity 1 and Assessment Prompt 1	Challenge Points: Students quickly identify examples & need more to do	Students identify examples as they listen, preparing them to be group leaders and checks other students	
	Struggle Points: Identifying examples in the song	Start with pair rather than think-pair- share Work with student-teachers to help develop ideas Use organizer that is pre-annotated with examples	
Learning Activity 2 and Assessment Prompt 2	Challenge Points:		
	Struggle Points:	Alternative question: How do you feel when you watch fireworks? Is this a positive or negative feeling? Would you like to be compared to that feeling?	
Learning Activity 3 and Assessment Prompt 3	Challenge Points:	Skip partner section—move directly into small group discussion	
	Struggle Points: How does this example tell us about the person?	Teacher joining a group to help guide through Examples chosen for specific group: focus on simple comparisons
