Lesson Assessment: Think About It...

What comes to mind when you think about assessment? Jot down what you know and what you wonder.

LEARNING-FOCUSED Lessons MicroPD Course 3 Lesson Assessment: Vocabulary Preview

You have been asked to clarify the term Assignment for a colleague. Select the description that best matches how you would describe an Assignment and justify your choice.

An Assignment is...

1. An activity given to students for independent practice.
2. A task that is completed as homework.
3. An activity in which students acquire new knowledge and skills.
4. A task for students that integrates content knowledge and skills with Higher Order Thinking strategies to demonstrate and deepen understanding of grade level standards.
5. Products students complete during a lesson such as worksheets, graphic organizers or notes.
6. A product students produce for an authentic audience.
7. A task which is purposefully designed to focus on specific goals for student learning.
8. A product that demonstrates learning.
9. The assessment for a lesson.

Why?

Predict the relationship between **Learning Goals** and **Assignment**.
